The always enterprising G. Buescher Sons have just completed a system of water works at their oil mill. They have a number of hydrants in many convenient places and can throw an inch stream of water 50 feet high. The new steam pump is of the same type as the large ones at the Smithville water works. It would be a great thing for Moulton to have 4-inch mains in connection with a good steam pump like that. In case of fire one could throw a

Dr. Fordtran was called last Saturday by telegraph from Kerrville to come at once and see his little children, who were sick with the whooping cough. The hail and thunder storm of last Sunday went around Moulton about five miles east, where it raged considerable, with a continuous display of vivid flashes of lightning. The hail was very large and fell thick for a while, and the storm did considerable damage, throwing over small houses, taking off roofs and moving everything that was not too heavy. Rain fell in torrents and filled all the creeks.

Keep your eye on the Green Front price card. It will save you money. You will see new prices with new goods every week.

Dr. John V. Spring, a specialist of the eye, ear, nose and throat, arrived Sunday morning early from San Antonio to perform the painful operation, enucleation, on Mrs. Weddington, that is removing the left eye ball, which he performed in a very few minutes after she was thoroughly under the influence of chloroform. Dr. Lancaster and Dr. Gray assisted him in the operation. Dr. Spring is an expert oculist and a benefactor to suffering humanity. He performed the operation free of charge and paid his own expenses on the trip. He would not accept one cent from

Dr. Weddington, who urged him to take it. Dr. Clark, who is a partner of Dr. Spring, was very low and not expected to live at New Orleans from the last report of last Sunday. Mrs. Weddington stood the operation well and is now doing very well, has a good appetite and the pain is getting less all the time. The disease of the eye was called glaucoma, and was caused from neuralgia. He suffered with it over five months and lost the sight in that eye entirely, and in order to save the other eye from a like fate it was deemed necessary to remove it.

To the Democratic Voters of Texas.

Some days ago I asked the democratic executive committee of Texas to call the primaries not earlier than the middle of July. I did so with the intention of going before the people and discussing the subject of tariff taxation, which has been made an issue in our party by some of its leaders. I supposed at that time that the primaries would be open to all democrats to express their preferences for all officers to be nominated by our party. The action of the executive committee in disfranchising a large element of the party was done to dictate the nomination of certain others. The effect of this action will be that not only those proscribed will be excluded, but such discontent among other democrats will be produced that but few will attend them, and those few will be the adherents of the favorites intended to be benefitted by the exclusion. The result will be as it was with the Dudley primaries two years ago, and it would be useless to me to appeal to the people when the judgment to be rendered has already been determined. I therefore announce to you that I am no longer a candidate for re-election to the senate. ROGER Q. MILLS.

Chamberlain's Cough Remedy.

This remedy is intended especially for coughs, colds, croup, whooping cough and influenza. It has become famous for its cures of these diseases, over a large part of the civilized world. The most flattering testimonials have been received, giving accounts of its good works; of the aggravating and persistent coughs it has cured; of severe colds that have yielded promptly to its soothing effects, and of the dangerous attacks of croup it has cured, often saving the life of the child. The extensive use of it for whooping cough has shown that it robs that disease of all dangerous consequences. It is especially prized by mothers for their children, as it never fails to effect a speedy cure, and because they have found that there is not

the least danger in giving it, even to babies, as it contains nothing injurious. Sold by all Druggists.

Tabler's Buckeye Pile Ointment.

I have been afflicted with rheumatism for fourteen years and nothing seemed to give any relief. I was able to be around all the time, but constantly suffering. I had tried everything I could bear of and at last was told to try Chamberlain's Pain Balm, which I did, and was immediately relieved and in a short time cured. I am happy to say that it has not since returned.—JOSH EDGAR, Germantown, Cal. For sale by all Druggists.

Rev. E. Edwards, pastor of the English Baptist Church at Mineville, Pa., when suffering with rheumatism, was advised to try Chamberlain's Pain Balm. He says: "A few applications of this liniment proved of great service to me. It subdued the inflammation and relieved the pain. Should any sufferer profit by giving Pain Balm a trial it will please me." For sale by all Druggists.
